Diligent and efficient web developer with 6+ years of experience in commercial websites and WordPress development.

PROFESSIONAL EXPERIENCE

WEB DEVELOPER

SuperGuide 2021-present

- Developed a custom blocks plugin using @wordpress/scripts that adds multiple custom ACF blocks to the block editor.
- Built a custom theme using Genesis theme with Gulpjs build system which shorten the development time and improved developer experience.
- Utilized the hosting's (WP Engine) git integration to securely pushed from a local machine to the site with the benefit of version control.

Key achievement:

- Full website redesign resulting to improved overall branding consistency and better user retention rate.

WORDPRESS DEVELOPER

RipplePop 2020-2021

- Help solved technical problems for multiple clients through RipplePop.
- Built commercial plugins for GFChart users.
- Restructured TryHelped.com (previously PainTheory.co) custom post type and custom taxonomy structure and hierarchy.
- Carried out client task for fivetwofive.com

SKILLS
